CHARLES M. MORRIS PRESIDENT OF CLUB

Members of Young Men's Republican Organization Hold Enthusiastic Meeting.

Charles M. Morris, former assistant county attorney, was unanimously elected president of the Young Men's Republican club of Utah at the annual election of officers held last night in Judge George G. Armstrong's courtroom at the city and county building.

Mr. Morris is one of the most sotive of the younger leaders of the Repubincan party, and his election to the presidency of the club will undoubtedly be favorably received. Mr. Morris was formerly private secretary to United States Senator Reed Smoot. He studied law at Washington, D. C., and later returned to Utah to practice. After serving a term as assistant in the office of the courty attorney he resigned fice of the county attorney he resigned to look after his private practice. of the future.

There were more than 100 members of the club at last night's meeting and this large attendance was encouraging to the new officers, who expressed the hope that the membership of the club would greatly increase before the fall campaign and that the activities of the club would be greatly extended.

Within the near future the club will give a smoker for the party workers of Salt Lake county. At the smoker the fall campaign will be informally discussed and preliminary plans for strengthening the party organization formed.

You Can Be the **Envy and Admiration** of Your Friends By the Use of

Newbro's Herpicide

The Sanitary Hair-Dressing

It is perhaps true that the ladies of Salt Lake City devote more attention to the matter of their personal appearance than do the ladies of any other city. Yet even in Salt Lake City the girl with a nice head of hair is always an object of admiration and frequently the envy and despair of her less fortunate sisters.

It is the intelligent use of a sanitary hair-dressing that makes all the difference. Without this, dandruff forms on the scalp; the hair lacks luster, gloss and beauty; becomes uneven, dead and finally drops out.

Hair that presents that clean, fluffy, well cared for appearance is almost always associated with Newbro's Herpicide. Fifteen years ago Herpicide was the only germ remedy for dandruff sold in America. The astonishing success of this clean, pure scalp prophylactic, with its dainty, exquisite odor, prompted the makers of other hair preparations to adopt the same claims as made for Herpicide.

The point is, don't experiment with something which may or may not be just as good as Herpicide. It isn't necessary and will perhaps result in keen disappointment.

For the eradication of dandruff, to prevent the hair from falling out and for beautifying the hair generally, any drug or department store in Salt Lake City will sell and recommend Newbro's Herpicide, the Original Germ-Remedy for the scalp
